MDP-2303

Intelligent Building
IP Video Intercom

Midas Touch
magic embedded

## Features / Functions

▶ 4.3-inch color TFT LCD screen

▶ With infrared ray LED lights

▶ Build-in RFID card reader, support Mifare (EasyCard)

▶ Power over Ethernet (PoE), Indoor wiring and construction can be simplified, easy to maintain in the future.

▶ Support VoIP SIP protocol

▶ Can be used with smartphone APP cloud services

▶ Provide intercom and property management functions
